

# Export Control

- When research has any restriction on publication, it may be export controlled.
- Giving non-U.S. persons access to export controlled technology or data may be in violation of U.S. law.
- Only allow non-U.S. persons access to **publication restricted** information after consultation with the LBL Export Control Officer.
- To physically transfer technology or data information only ship material through Shipping & Receiving.

- Contact the LBL Export Control Officer well in advance if you have any doubt!

For more information, contact Nancy Ware, Export Control Office x7096
